Heim Weldios University and ESM Bènin University

100 level through final year (300 level)

Represented students and coordinated student activities, including student week.

WEB WORK AND PROJECTS

Zuwachs Travel and Tours

Business website / zuwachstravel.com

- Developed a travel services website with service information, consultation calls to action and an enquiry form.
- Organized business contact details and service content into a customer enquiry flow.

IleOtaku

ileotaku.com / React, Next.js, Firebase

- Build reader, creator and admin interfaces with authentication, profiles and content publishing.
- Develop messaging, media, chat customization and responsive layouts refined through beta feedback.

Eternal Nexus Echoes

React, Three.js, Colyseus

- Develop a 3D browser game client with character creation, combat controls, chat and party interfaces.
- Connect progression and economy interfaces to a real-time server and persistent player data.

VALEN

Kotlin, Jetpack Compose, GitHub Actions

- Develop task, memory and settings screens with speech input and spoken responses.
- Manage signed Android builds and an Ubuntu-hosted backend.

Statement of results available; degree certificate pending collection.
